

Aerodrome Operator Licence

1) Introduction

1.1 General

Any person who intends to operate an aerodrome in Malaysia for take-off and landing of any aircraft engaged in the carriage of passengers, mail or cargo for hire or reward requires an Aerodrome Operator Licence (“AOL”) before it can commence services. Applicants are permitted to apply to the Malaysian Aviation Commission (“MAVCOM”) for an AOL and to the Department of Civil Aviation (“DCA”) for an Aerodrome Certificate (“AC”) at the same time. However, an AOL will only be issued to the applicant who holds a valid AC issued by the Department of Civil Aviation.

1.2 Eligibility

This is applicable for the certification of aerodromes in any part of Malaysia, intended for use by public transport aircraft. Private-owned aerodrome that is not open for use by public transport aircraft are not subjected to the need for certification from MAVCOM. Applicants seeking an AOL to operate aerodromes are required to demonstrate that they can comply with the requirements of SARPS specified in ICAO Annex 14 under the Convention on International Civil Aviation, and to national standards and practices as defined under Airport Standards Directives published by Director General of DCA.

1.3 Licence Maintenance

Licence holders are required to comply with the audit measures administered by the MAVCOM in order to maintain their AOL and continue as an aerodrome operator in Malaysia (for hire or reward).

2) The Application

2.1 Administrative Details

Applications for AOL may be submitted by post or hand delivered to:

Executive Chairman
Malaysian Aviation Commission
Level 19, Menara 1 Sentrum
201, Jalan Tun Sambanthan
50470 Kuala Lumpur
Malaysia

All applications are required to be signed by an authorised representative of the applicant before submission. Please note that MAVCOM will only initiate the evaluation process of an application upon the receipt of a complete submission together with the imposed fees. Incomplete applications will be accepted by MAVCOM at the applicant’s risk and possible rejection.

2.2 Title

The application should be titled “An Application for Aerodrome Operator License – by (full registered name of the company)”.

2.3 Timing of Licence Application

MAVCOM will require a minimum of 90 days to process each completed application and to grant such licence to the applicant.

2.4 Caption

The following caption must be included in the application:

“The undersigned applies for the permission pursuant to the Malaysian Aviation Commission Act 2015 to operate an aerodrome in Malaysia for the take-off and landing of any aircraft engaged in the carriage of passengers, mail or cargo for hire or reward and certifies that the facts stated in the application are true and that the copies of any documents attached to the application are true copies.”

2.5 Contact Details of Applicant

Applicants are to provide the names of the heads of the following components of the organisation, together with postal and street addresses, telephone and facsimile numbers and email address if available.

- Head office
- Operating Headquarters

2.6 Attached Documents

Please provide a table of contents identifying all attached documents in accordance with the relevant part of the application.

2.7 General Formatting

The pages of an application should be consecutively numbered and paragraphs should be titled identically with the corresponding items in this guide.

2.8 Signature

The original of the application shall be signed

- by the applicant, if an individual who is the sole owner
- by each member of a partnership, or
- if a registered company or corporation, by an officer or officers of the company or corporation duly authorised to submit such application on behalf of the company or corporation.

The status of the signatory must be indicated in terms of one of the above business structure. Copies of appropriate authorisations must be attached to the application.
